

# JHARKHAND ORTHOPAEDIC ASSOCIATION

NEWSLETTER

2022-23

# From the Desk of the President

**Dr Manjit Singh Sindhu**  
President, JOA

Respected Members of JOA,  
Johar

It is an honour for me to communicate with you through this newsletter, which was created solely to improve communication and encourage member engagement. I shall be serving as President of JOA on the guiding principle “सबकेसाथचलना, सबकोलेकरचलना”. By getting to know one another and communicating with one another, all JOA members will be able to propagate the idea of universal brotherhood.

My objective is to increase the number of JOA members, with a particular emphasis on expanding JOA to peripheral locations and mobilising and assisting orthopaedic doctors practising there. We will be promoting various academic activities by different orthopaedic city clubs of Jharkhand. As. Society is given us so much, now it is the time to give something back to society by organising programme like Basic life support course that we had done last year during bone and joint week celebration.

Jai Jharkhand  
Jai JOA

**Dr Manjit Singh Sindhu**  
President, JOA-India

# From the Desk of the Secretary

Dear JOA Members  
Greeting from JOA Office

A very warm welcome to all members of Jharkhand Orthopaedic Association. JOA has developed into a dynamic organisation that places a strong emphasis on academics and the wellbeing of its members. The emphasis is on enhancing communication between the organisation and its members as well as on advancing various scientific initiatives that will increase the academic component.

It is my responsibility as JOA's secretary to make sure all members are informed about the organisation's activities and advantages, and that their recommendations and grievances are taken seriously. We shall make an effort to enhance this two-way connection between the members and organisation because the strength of any organisation does not lie in the quantity of its members but rather in the quality of interaction among those members.

It is my responsibility as your secretary to always be available to you for any question or concern. Please don't hesitate to contact me if you have any issues. I'm delighted to share the JOA newsletter.

This is an attempt to keep members informed about the various activities being done under the aegis of JOA for year 2022-2023.

**Dr Nirmal Kumar**  
Secretary, JOA-India

Jai Johar
